

1) Useful websites

To help reinforce your children's maths learning, the below links cover a range of tasks and topics to help your children broaden their learning.

BBC Bitesize- <http://www.bbc.co.uk/bitesize/ks2/maths/>

Visit Woodlands Junior School website and enter the maths zone for a wide range of games and activities- <http://resources.woodlands.kent.sch.uk/maths/index.html>

A website with a good collection of maths games, especially ones to help practise their times tables: <http://www.maths-games.org/times-tables-games.html>

Table mountain- This is a good game (1 or 2 player) to help with learning times tables: <http://www.teachingtables.co.uk/tm/tmgame/tgame2.html>

Sum sense: Good for helping children to add single digit numbers: <http://www.primarygames.co.uk/pg2/sumsense/ssumadd.html>

www.timestables.me.uk

www.ictgames.co.uk

<https://www.topmarks.co.uk/maths-games/hit-the-button>

- 2) Mathletics- As a school we subscribe to Mathletics, it is a great learning platform that the children enjoy using in their ICT lessons and in other sessions where technology is available to them to use. Many classes use Mathletics for homework to complete set tasks, but children can complete tasks to suit their learning as and when they would like to use it as another resource.

www.mathletics.com

- 3) Times tables- From the academic year 2019-2020 Year 4's will now have a times table assessment at the end of the year. Children learn in a variety of ways, it is important that they can use a range of multiplication facts for this not just learning them by rote. The below links will assist your children in their learning of times tables.

4) Get your children active!

We strive for our children to have an active and healthy lifestyle; BBC Super Movers have a range of clips to help the children achieve this. This website is a fun way to learn Maths and be active!

<http://www.bbc.co.uk/sport/supermovers/42612499>

5) Explore Learning- During 2017-2018 we had a team of year 5 and 6 children participate in a National Maths competition, they were incredibly successful and became Regional winners.

The Woking News and Mail published an article and we also had the Explore learning team come in to present the winners with their certificates and medals. Later this year, we have exciting workshops planned for each class to take part in.
