

Guide to using SeeSaw

The Green + ADD will allow you to upload work to SeeSaw that is not a set activity from your teacher

The **Journal** is a list of all the work that you have had approved

The **Inbox** is where your teacher can send messages to the whole class

Click on **Activities** to see the work set by your teacher. See below for more guidance...

Activities

Sometimes there might be additional instructions or help by clicking here

Click on Add Response to add your work

Add Response

upload a live photo that you take with your phone / tablet

creates a blank page with drawing and text tools - you can also record yourself talking

upload a live video that you take with your phone / tablet

if you have saved a photo or video from another app then use this tool. Also use this to upload a pdf

use this tool to type

if you have found a page on the internet that you want to share with me, you can copy the link with this tool
