## Year 6: Electricity

## **KEY VOCABULARY**

through

## Health and Safety: Dos and Don'ts

Don't overload sockets or extension plugs/cables (you could start a fire!). Don't put electrical objects on a wobbly surface. Don't touch electrical objects with wet hands or near water. Don't use a battery if it looks damaged.

Make sure there aren't any cables where people walk. Turn off electrical objects by the switch and unplug.
